

# 998 MECHANICAL ACCESSOIRES

1/4" TIGHTENER

Code : **9980014**

Model : **TE-014**

#### Description

Material for the installation of guy wires in masts, telescopic masts or towers of great length.

#### Applications

The wire ropes are fixed to the mast by means of a ring clamp for masts up to Ø40 mm or are fixed directly to the three tubes of the tower. Ring-headed expanding bolts are used to secure them to the floor or roof.

#### Characteristics

Steel wire ropes of Ø3 mm. Wire rope grips for wire ropes of Ø3 mm and Ø6 mm and turnbuckles.

# 9980014
