

# 998 MECHANICAL ACCESSOIRES

## 2MM STEEL CABLE

Code : **9980062**

Model : **CT-001**

### Description

Material for the installation of guy wires in masts, telescopic masts or towers of great length.

### Applications

The wire ropes are fixed to the mast by means of a ring clamp for masts up to Ø40 mm or are fixed directly to the three tubes of the tower. Ring-headed expanding bolts are used to secure them to the floor or roof.

### Characteristics

Steel wire ropes of Ø3 mm. Wire rope grips for wire ropes of Ø3 mm and Ø6 mm and turnbuckles.
