STREAMER DVB-S/S2 IP CIMAX DISEQC

Code : **9150059**

Model : **SS-212**

Description

The SS-212 (DVB-S/S2 to IP) streamer is a professional solution to encode a maximum of 8 TV/radio signals out of a DVB-S/S2 multiplex into the H.264 format so that it can be transmitted as a multicast stream in an IP network. It has a slot for one CAM and is ideal for distributing video content in large buildings such as schools, hotels, hospitals, shops, shopping malls and digital signage applications.
