NURSE CALL BUTTON (DIN8 CONNECTOR)

Code : **9410080**

Model : **LLC-210**

Description

Handset with a male DIN-8 connector for the LLC-20x wall peripherals. It has a red nurse call button with a red LED and a yellow LED that indicates the state of the connection. This pear-type accessory enables patients to place calls, while the red LED reflects the status of the call. Easy cleaning and connection.
