

943 NETWORK COMPONENTS GSM MODULE

Model: ROU-010

Code: 9430035

Description

The ROU-010/011/012/013 models form a GSM modem that is integrated, via serial connection, to the central control unit (SRG-120) of the ALCAD NURSE CALL system to send SMS messages for technical notifications. SMS notifications can be sent to the mobile phones of the maintenance service of the installation in the event that room control panels are damaged or disconnected in an unauthorized manner.
