WANDERING IP CONTROL CENTRAL - 4 DOORS

Code : **9430092**

Model : **CER-150**

Description

Model CER-150 is an errant control center capable of controlling up to 4 zones. Fully integrated with the ALCAD NURSE CALL system, CER-150 allows the execution of different actions (triggered outputs) depending on the tag and activation zone and the associated profile (authorized access, unauthorized access or bypass). DIN rail mounting.
