

# 963 DOOR ENTRY SYSTEM MONITORS

## ADITIONAL MVC-128 COLOUR MONITOR SET

Code : **9630083**

Model : **KMC-12800**

### Description

Last generation Hands-free monitor to be used as an extension of Erlea Plus Kit. With 7-inch widescreen, and with the best features for the user. When the call is received from the entrance panel, it rings on all the monitors. The image of the visitor is automatically shown on all monitors. If any of the monitors is picked up, audio and video communication will be established on this monitor with the visitor. Also, by having several monitors in the house you can make intercom calls between them, as long as there is no call in progress from the entrance panel.
