

904 BROADBAND AMPLIFIERS

AMPLIFIER 2 OUTPUTS 12 VDC

Code : **9040061**

Model : **CA-215**

Description

The amplifiers are equivalent to the basic models but with different preamplifier feed voltages.

Characteristics

The electrical characteristics are identical to those of the equivalent products, except for the preamplifier feed voltages.

CODE	9040061	
MODEL	CA-215	
Equivalent model		CA-210
Output voltage	V _{DC}	12 Switchable
	mA	60
