

# Enara (MVC-140)

The compactest hands free 4" monitor with 2-wire technology of the market

The 2-wire monitor family of Alcad grows. The compact size makes the model **MVC-140 Enara** the perfect monitor for telephone **replacement** where space is limited. Its new neutral and minimalist design combines perfectly with any type of decoration in your home, from the most classic to the most vanguard.

The modern **capacitive technology** used for the touch buttons ensures a **reliable** and **long-lasting** operation, and as there are no electrical contacts or moving parts, the accumulation of dirt that affects the operation of traditional push-buttons is avoided.

-  Compatible with all of Alcad's 2-wire technology ranges: iBlack, Line 201, iVandal.
-  Configuration with tap-offs or in cascade, since it has an integrated tap-off.
-  Door opening.
-  Auxiliary button for a second door.
-  "Do not disturb" function.
-  Easy installation thanks to the plug-in terminals it has.
